WAS A BRAKEMAN

CORBETT, THE BEHEADED MAN, WORKED FOR GREAT WESTERN.

KNOWN IN CONCEPTION

Efforts Are Being Made to Find Application He Filed for Position, as It May Give Names of Relatives.

The visit of Chief of Police Moberly and Undertaker J. E. Bailey to Conception Junction yesterday may possibly lead to something tangible with reference to S. W. Corbett, the man who was killed by a Wabash train last Saturday. Nothing directly was learned except that he had worked for a short time as brakeman on the Great Western, and an effort is being made to get the application that he filled out in applying for the position.

When this is received it will show to whom he directed that word be sent in case of accident. In the daybook he carried was the name of H. L. Corbett of Crawford, Neb., who was supposed to be his brother. He stayed with Mr. Roof at different times for the past eight months and talked frequently of his brother in Nebraska, who, he said, was the owner of 800 acres of land. All telegrams to that place and the towns around there, however, have been given the same answer, that no such person is known there.

An entry in his daybook speaks of going to Granite City, near St. Louis, in April, and of going to work at Ferguson, April 27. At the head of the calendar for 1912 are the two words, "left home," apparently intended to be erased, but still dimly visible. Whether this book was originally his or whether these entries were made by some one else it is impossible to tell. At Conception it was understood that his parents were both dead and his brother was the only relative talked of.

At the home of E. R. Roof was found a letter supposedly to his brother, which was never mailed. It is as follows:

Conception Junction Mo., Sept. 28, 1912.—Dear Brother and Family: Will now drop you a few lines to let you know that I am still on earth and well and hope that this will find your folks all the same.

Well, Harry, I suppose you have wondered more than once since I left there where I was at. Well, all I can tell you is that I have been in the U. S. all the time, but have been stepping around pretty lively. I only stayed in Sheridan about five weeks, and then came here and stayed until February, and then went to Des Moines and stayed until in April, and then went to St. Louis and stayed until July 4st, and then came back here and hired to the Chicago Great Western and am working out of here now.

I suppose you folks have had some winter weather before this time. We have had one awful heavy frost.

Say, Harry, what did you ever do with my trunk, or have you still got it there at your place? If it is, I wish you would send it here to me by express C. O. D.

I went to the express office and the baggage room in Sheridan several times, but it was not there, so I made up my mind that you had not sent it.

Well, I am back at the old game again; started this letter yesterday and did not finish it, so will try and do it now. It is real cool here today—a genuine fall day.

Mrs. T. J. David of Clyde and son were Maryville visitors Thursday.

APPROVES THE MAYOR'S ORDER.

President Taylor Favors the Abolition of Slot Machines and the Censorship of Moving Pictures.

Mayor Robey's order to remove all slot machine seems to have met with very general approval. President Taylor of the Normal writes The Democrat-Forum that the action has his hearty endorsement, and he also makes a plea for the censorship of moving pictures. This latter proposition has been advocated by a number of both men and women who are interested in keeping only the best thought before the young people.

In many cities such ordinances are in effect and enforced. Dr. Taylor's letter follows:

Editor Democrat-Forum: I desire to commend most heartily the action of Mayor Robey in abolishing the slot machines, which are a very dangerous form of amateur gambling. An act is not to be judged by itself alone, but is to be considered in its sequences and tendencies. By this standard the slot machine deserves condemnation.

The mayor will have the approbation of all good people who believe in safeguarding the pathway of youth and promoting public morals.

Now let there be an intelligent and reliable censorship of our moving pictures and another much needed public benefaction will be accomplished. This will be to the advantage of the operators of these shows as well as to the community. Many of these pictures are good, but some are not, and are positively harmful to boys and girls. I do not care to eat a six-course dinner, however elegant five of them may be, if in the sixth there is a pinch of strychnine. Very truly,

H. K. TAYLOR.

S. and Mr. Colby will join a party of Canadians on a big hunt for several days, and if there are not a few less bull moose in North America than there were on November 5th it will be because they fail to get within gunshot distance. CASE HARD FOUGHT

REUILLARD DAMAGE SUIT PRESENTED KNOTTY PROBLEMS.

TO JURY THIS AFTERNOON

James Burns Fined $1 and Costs for Common Assault—Lane Asks for a Continuance in Case.

The attention of circuit court has been almost wholly occupied since yesterday with the case of F. P. Reuillard against David Stollard, known as the "auto case." Mr. Reuillard asked damages in the sum of $250 from Mr. Stollard, who lives at Forest City, because of injuries to his car in a collision which took place September 22, near the Bellows farm, west of this city. In the collision Mrs. Sarah Nuzum, a lady 75 years of age, and an occupant of the Stollard car, was thrown through the wind shield of the Reuillard auto, but seems to have escaped serious injury, as did other occupants of the two cars who were thrown about promiscuously.

The case has been hard fought and presented some knotty problems for the lawyers to unravel, bringing up several new points. The case was concluded and went to a jury about 2:30 o'clock this afternoon.

James Burns pleaded guilty to a charge of common assault and was fined $1 and costs.

James Lane, who was charged with assault with intent to kill, pleaded not guilty and made application for a continuance of the case.

Lectured at High School.

A lecture on horticulture, given by J. R. Conway of Twin Falls, Idaho, at the high school Thursday, proved very entertaining and instructive to the students and faculty. Many of the teachers were former schoolmates and neighbors of Mr. Conway, and his knowledge of horticulture being in line with their daily teachings, was much appreciated.

Mr. Conway had not visited Maryville for eight years. He expresses no wonder at so many of the older inhabitants staying by Maryville, as he says that in his many travels he has never seen a more beautiful city. He visited Kansas City, Omaha, St. Joseph and Denver on his way here, and will stop at Rock Island, Des Moines and Chicago before returning home. The entire trip will take about sixty days.

In Probate Court.

The will of William W. Byers, who committed suicide in Maryville last week, was admitted to probate Friday. After directing that all debts be paid he bequeaths all his household furniture to his wife. His wife is also given the brick building at 106 South Main street during her natural lifetime, together with all the rents and income from same. The balance of his propery is given to his children to share and share alike. His wife is made executrix of the estate.

The will of James L. Lee was also probated. Mr. Lee gave certain directions pertaining to his burial, and after all just debts are paid, directs that all his household and personal property go to his wife, Mary A. Lee. He also leaves certain real estate to her and the remainder of his property he leaves to his children to share equally. Warren L. Johnson is made executor of the estate.

ACCESSIONS HAD TO CHURCH AT REVIVAL MEETING.

GAVE STRONG SERMON

Guideposts at the Crossroad Theme of Evangelist at Service Thursday Night—Good Crowd Attending.

The evangelist at the Christian church Thursday night was greeted with a crowded house, and two accessions were had to the church. The sermon for the evening was a strong one, the subject being "Guideposts at the Crossroad." The text was taken from Matthew 7:13-14.

Rev. Harman said in part:

"These words were uttered by Jesus in his wonderful sermon on the Mount. There are two gates, two roads and two destinies. Every soul of each is included in the warning from these guideposts.

"Jesus advised men to enter the narrow gate. The thong travel in at the wide gate. Any careless man can find entrance into the wide gate. The narrow gate is gained through struggle.

"The broad way is wide enough for the drunkard, the thief and the murder. It is too broad for the man who would gain eternal life.

"Your destiny is determined by your choice, if the broad way and wide gate, you must suffer the consequences. Jesus has warned us, if lost it is our fault."

The subject for Friday night's sermon will be "We Would See Jesus."

TO SHOP EARLY.

The Christmas Goods Will Be on Display Early Enough for the Shoppers to Avoid Rush.

"From every viewpoint early Christmas shopping is commendable," said a Maryville retail dealer in discussing the outlook for holiday business. "The outlook now indicates a tremendous Christmas business in this city," he continued. "Thousands of out-of-town people do the most of their Christmas buying here. The crops are the biggest we have had for years, the prices are good and there is a ready market for all the farmer has to offer. He will have plenty of money and will be a liberal gift buyer. The final result will be a crowd, a crush and a rush for Christmas gifts. Be wise and be early this year and shop before the jam comes. It is a movement for humanity's sake. Think of the overworked salespeople and think of your own advantage in getting first choice. Make that list out and do it now."

Cook's Bazaar Sold.

By a deal which was put through Wednesday, L. G. Walker, the proprietor of the Bargain store on West Third street, became the owner of Cook's Bazaar, in the Robinson building. DON'T CARRY SCALES

CARRIERS WILL TAKE PARCELS TO POSTOFFICE TO WEIGH.

JUST STAMPS WON'T DO

The Ordinary Postage Stamps Will Be Out of Date on Fourth Class Matter on January 1.

Postmaster Beech wishes to correct some of the misunderstandings that have arisen in regard to the parcels post law which goes into effect the first of the year. Mr. Beech says the carriers will not carry scales for the purpose of weighing articles, but that packages must be taken to the postoffice, where they will be weighed and "zoned."

The impression prevailing also that the carriers would "receive the farmer's eggs, bring them to town, market them, buy his groceries and hardware with the proceeds and return it next day with the correct change" is also wrong says Mr. Beech. In addition to this, the ordinary stamps will be no longer accepted for postage on fourth class matter, but after a package has been weighed and "zoned" the correct postage must be placed on it in "parcels post stamps" which are to be issued to the postoffices by the department. The following regulations have been issued by the postal department in regard to the matter:

Distinctive parcels post stamps will be issued to each postmaster. On and after January 1st, 1913, ordinary stamps will not be valid for postage on fourth class matter.

The widest publicity should be given immediately to the following features of the proposed parcel post regulations:

That distinctive parcel post stamps must be used on all fourth class matter beginning January 1st, 1913, and that such matter bearing ordinary postage stamps will be treated as "held for postage."

That parcels will be mailable only at postoffices, branch postoffices, lettered and local named stations, and such numbered stations as may be designated by the postmaster.

That all parcels must bear the return card of the sender; otherwise they will not be accepted for mailing.

PAINTING AT COUNTY FARM.

The county poor farm, west of Maryville, is being neatly repainted, and the building is being fumigated this week. The painting is being done by William Gross.

While this work is going on the inmates and also the superintendent's family are living in the old county home, just a little way from the new building.

RAILROAD BARS DRINK.

Officials of the St. Louis, Iron Mountain & Southern Railway company yesterday suddenly appeared in the Dupo, Ill., railroad yards and inaugurated a breath smelling test for all employes. M. B. Mann, a trainmaster, was in charge of the test and began on an engineer, who was to take charge of the engine pulling the Red Ball fast freight.

"Let's smell your breath," Mann said. He sniffed and declared the engineer had been drinking.

"Sure," replied the engineer. "I have had four or five beers."

"Go home," Mann told him, "we don't want men to go to work if they have had liquor to drink. If ten drinks make a man drunk, one drink will make him one-tenth drunk."

Hale a dozen other trainmen were examined and those with the tell-tale odor were ordered off duty. When word of the investigation got around there was a big demand for chewing gum at the little stores near the railroad yards, it is said.

S. L. Kensinger, superintendent of terminals for the Iron Mountain; J. R. Wilgus, general yardmaster for the St. Louis division, and M. B. Mann, trainmaster for the St. Louis division, were the officials who conducted the test and announced the company would no longer tolerate the moderate drinker.

"We will not entrust the lives of our passengers in the hands of the man who drinks even moderately," Mann said, "He might take one too many some time. An employe who is seen going into a saloon will be considered a suspicious character and will not be allowed to work that day."

E. E. Kearney, superintendent of transportation for the Missouri Pacific-Iron Mountain system, said that he knew nothing of the Dupo action, but that orders had long been in effect for the strict enforcement of sobriety among employes.

Wanted Moose Head.

The boys of Graham tell the following story on H. B. Barrett, one of the leading Progressives of the town, says the Skidmore New Era:

Mr. Barrett, as the story goes, went into the City meat market and asked for a moose head. The good natured proprietor, Jake Eckles, who never wants to miss a sale or lose the opportunity to accommodate a friend, quickly stepped into the back room and brought out a calf's head. Mr. Barrett looked at the head and said: "That is a calf's head. I want a moose head." Mr. Eckles said: "Wait a minute," and returning to the back room he picked up the clever and performed a surgical operation on the head and again presented it to Mr. Barrett. Barrett looked at the head very critically and said: "Why, this is the same head you brought out before." Mr. Eckles said: "I know it is, but I took the brains out of it and that made a moose head."

TO ELIMINATE THE MIDDLE MAN

FARMERS BELIEVE HIM AN UNNECESSARY EVIL.

Preliminary Steps Taken at Hutchinson to Market Products Independently.

Hutchinson, Kan., Nov. 22.—That unnecessary middlemen are becoming a serious burden to the farmers of Kansas and that the farmer must take steps to eliminate at least some of them in marketing his products was the sentiment of many of the farmers who met here and they began steps to launch a grange movement in the state.

A plan advanced by A. C. Bailey of Edwards county, one of the promoters of the project, is to organize local selling associations in all sections of the state. The associations, composed entirely of farmers, would deal directly with mills and packers.

"There is a feeling among the farmers that agriculture is not receiving its share of the rewards," said one of the 500 farmers who attended the meeting. "We farmers are paying unnecessary penalties, both in the products we ship and in the necessities of life we buy. I believe if the farmers in this state will organize and cooperate both evils can be corrected.

"At the meeting to be held in Manhattan January 1 we will determine the methods by which that is to be accomplished in Kansas. I believe we can enlist the backing of the farmers already organized in one way or another in this state, and their number runs into the thousands."

SAVED HER SISTER BY STRATEGY

Italian Girl Stopped Kidnapping by Jumping in Front of Motor Car.

Chicago, Nov. 22.—Luigi Naorao, a young Italian girl threw herself in front of a motor car and thus prevented the kidnapping of her 15-year old sister, Nicollata, who had been seized near her home and thrown into the car.

Rather than run down Luigi, the driver of the machine stopped and the delay gave the police time to capture the would-be abductors.

In the motor car were found a revolver and a handkerchief saturated with chloroform. John Ulrich, driver of the car, said that he was employed by a motor livery company and had picked up the men on a telephone order to the livery.

CURED, BUT YET DISSATISFIED

Jeweler Sold Business at Loss When About to Die—Lives and Sues Doctor.

Spokane, Wash., Nov. 22.—Because he did not die, Isaac Goldblatt, a Spokane jeweler, brought suit against his physician, Dr. G. H. Rohr, for $15,000 damages.

Goldblatt alleged in his complaint that Dr. Roher told him recovery was impossible. Desiring to leave his property in cash, Goldblatt alleges that he sold his jewelry business at a sacrifice he estimates at $15,000 and waited for death to claim him.

Becoming impatient at his continued presence among the living, he consulted Eastern specialists and was told that he was perfectly well.

Ex-Pastor Convicted.

Van Buren, Ark., Nov. 22.—J. W. Powell, 60 years old, a former Baptist minister, was declared guilty by a jury in the circuit court here of attacking a 13-year-old girl at Mulberry, two months ago. Sentence was left with the court. Powell and his son, Jack, who was placed on trial following the verdict, narrowly escaped lynching when arrested.

To Prevent Smallpox.

Smallpox may be prevented by vaccination. One successful vaccination gives a partial protection against smallpox. In such a person the disease is mild varioloid. A second successful vaccination gives a greater protection and a third successful vaccination is absolute protection against smallpox. The second and third vaccinations are very mild. The protection given by vaccination is temporary—lasts from five to seven years. Revaccination then is necessary if freedom from smallpox is desired. Rarely is vaccination severe. The very sore arms are due to infections from the skin. To reduce these secondary infections, antiseptic precautions should be used while vaccinating, and the area vaccinated should be kept clean and protected.

Likely your kidneys are at fault.
Weak kidneys give warning of distress.
Heed the warning; don't delay—
Use a tested kidney remedy.

Mrs. J. E. Oliver, 1201 E. Fourth St. Maryville, Mo., says: "Several years ago I had kidney trouble. There were sharp pains through my back and hips and sometimes I was sick abed. I always felt tired and had terrible dizzy spells. On a friend's advice I used Doan's Kidney Pills and they soon gave me relief. I can certainly recommend them."

If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Oliver had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.—Advertisement.

INDIGESTION.

Causes Dizziness, Nervousness, Sick Headache, Sleeplessness.

Mi-o-na Stomach Tablets Banish All Misery, Gas and Sourness.

You know that most of the ailments named above come from an out of order stomach; of course you do.

If your food doesn't digest, but lays heavily on your stomach, it has started to ferment.

When it ferments it sets loose in the stomach poisonous gases which irritate the great nerve that leads directly to the brain from the stomach.

That irritation causes heartburn, dizziness, night sweats, nervousness.

MI-O-NA will end all stomach misery or money back. A large box costs only 50 cents and is sold by the Orear-Henry Drug Co. and druggists everywhere.—Advertisement.

SURELY TAKE "SYRUP OF FIGS" IF HEADACHY, BILIOUS, CONSTIPATED

SWEETENS YOUR STOMACH, CLEARS YOUR HEAD AND THOROUGHLY CLEANSES YOUR LIVER AND THIRTY FEET OF BOWELS OF SOUR BILE, FOUL GASES AND CLOGGED-UP WASTE.

All those days when you feel miserable, headachy, bilious and dull are due to torpid liver and sluggish bowels. The days when your stomach is sour and full of gas, when you have indigestion; the nights when your nerves twitch and you are restless and can't sleep could be avoided with a teaspoonful of delicious Syrup of Figs. Isn't it foolish to be distressed when there is such a pleasant way to overcome it?

Give your inactive liver and ten yards of waste-clogged bowels a thorough cleansing this time. Put an end to constipation.

Take a teaspoonful of Syrup of Figs tonight, sure, and just see for yourself by morning, how gently but thoroughly all the sour bile, undigested fermenting food and clogged up waste matter is moved on and out of your system—no nausea—no griping—no weakness.

You simply can't have your liver inactive and your thirty feet of bowels constipated with sour, decaying waste matter and feel well. The need of a laxative is a natural need, but with delicious Syrup of Figs you are not drugging yourself. Being composed entirely of luscious figs, senna and aromatics it cannot injure.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna." Refuse with scorn any of the so-called fig syrup imitations. They are meant to deceive you. Look on the label. The genuine, old reliable, bears the name, California Fig Syrup Company.—Advertisement.

THE FIRST GRAY HAIR SIGN OF AGE

Easy Way to Preserve Natural Color of the Hair and Make It Grow.

A harmless remedy, made from common garden sage, quickly restores gray hair to natural color. The care of the hair, to prevent it from losing its color and lustre, is just as important as to care for teeth to keep them from discoloring. Why spend money for cosmetics and creams to improve the complexion, and yet neglect your hair, when gray hair is even more conspicuous and suggestive of age than wrinkles or a poor complexion? Of the two, it is easier to preserve the natural color and beauty of the hair than it is to have a good complexion.

All that is necessary is the occasional use of Wyeth's Sage and Sulphur Hair Remedy, a preparation of common garden Sage and Sulphur, combined with other valuable remedies for dry, harsh, faded hair, dandruff, itching scalp and falling hair. After a few applications of this simple, harmless remedy, your hair will gradually be restored to its natural color, in a short time the dandruff will be removed, and your hair will no longer come out but will start to grow as Nature intended it should.

Don't neglect your hair, for it does rather than anything else to make or mar your good looks. You can buy this remedy at any drug store for fifty cents a bottle, and, your druggist will give your money back if you are not satisfied after using. Purchase a bottle today. You will never regret it when you realize the difference it will make in your appearance.

TO PROVIDE FOR EX-PRESIDENTS

Andrew Carnegie Will Pension Each in Future With $25,000 Annually.

SAME AMOUNT TO THEIR WIDOWS

Payment is to Continue So Long as They Remain Unprovided for by the Government.

New York, Nov. 22.—Future ex-presidents of the United States are to be pensioned in the sum of $25,000 each annually by action of the Carnegie corporation of New York.

The grant is provided for with the idea of enabling former executives of the nation to devote their unique knowledge gained in public affairs to the public good, free from pecuniary care. A similar amount is to be paid widows of ex-presidents as long as they remain unmarried.

Won't Have to Ask For It.

The pensions are to be promptly offered to the ex-presidents or their widows, so that no application will be required from them. Payment is to be continued so long as the recipients "remain unprovided for by the government."

The announcement followed the second annual meeting of the corporation held at the residence of Andrew Carnegie here and attended by the corporation's eight trustees.

Five of these eight trustees are the heads of the five institutions which Mr. Carnegie has founded—the Carnegie Endowment for International Peace, Elihu Root, president; the Carnegie Foundation for the Advancement of Teaching, Henry S. Pritchett, president; the Carnegie Institution of Washington, Robert S. Woodward, president; Carnegie Hero Fund Commission, Pittsburgh, Charles L. Taylor, president; Carnegie Institute of Pittsburgh, William M. Prew, president. In addition there are three life trustees—Andrew Carnegie, Robert A. Franks and James Bertram.

In the meeting the trustees took under consideration a number of matters directly in their keeping and concerning the details of which no announcement was made, but the principal item of business passed upon was the pension plan for ex-presidents of the United States and their widows.

MISSING MAN'S BODY IS FOUND

Buried in Shallow Grave and Mutilated—Wealthy Land Owner Held for Crime.

Warsaw, N. Y., Nov. 22.—The body of Frank Bentley, a cheesemaker of North Wethersfield, who has been missing since he started Saturday on a hunting expedition, was found buried in a shallow grave in the woods near here. Both legs had been chopped off above the knee, the clothing burned off and the body was charred.

Alphonse Prince was arrested on suspicion of having guilty knowledge of Bentley's murder. At Prince's home a wheelbarrow with stains upon it, believed to be of blood, was found, but no motive for murder has been disclosed.

Prince, who is a wealthy land owner, denies all knowledge of the murder but admits, according to the police, that he and Bentley had recently quarreled over family affairs.

KANSAS HAS BIG NEW GAS WELL

Near Augusta Prospect Hole Tests 160,000 Feet, With Indications of Plenty More.

Augusta, Kan., Nov. 22.—A company that has been sinking a prospect gas well two miles southeast of Augusta has just brought in a well that tested 160,000 feet of gas. From present indications it will test 225,000 feet later.

The gas already had been contracted to the Kansas Natural Gas company and will be used to supply Wichita, Hutchinson and other towns in south central Kansas.

To Investigate Wickersham.

Washington, Nov. 22.—Full explanation from Attorney General Wickersham of his reasons for, and authority to prevent the arrest of John D. Archbold, H. Fogler, Jr., and W. C. Teagle, Standard Oil magnates, on Texas federal court warrants, may be asked by the house committee on expenditures in the department of justice. William H. Gray, the Houston lawyer who came here to protest against the holding up of these warrants by the attorney general, announced he will bring the matter formally before Chairman Beall of the house committee for an investigation.

Girl a Roadhouse Slayer?

Oklahoma City, Ok., Nov. 22.—Guy Blackburn, 18 years old, died in a hospital as the result of being shot Saturday night. Blackburn was at a roadhouse and had started away in a motor car when the shot was fired at him. No arrests have yet been made but there is a general belief that young Blackburn was shot by a girl, the daughter of a wealthy family, with whom he had quarreled at the road house.

CHINA NOW WANTS WAR WITH RUSSIA

Republic is Preparing to Fight for Possession of Monogolia.

ARMY MOBILIZING IN PEKING

Orders Already Given for Troops to Start North and Drive Russian Soldiers Out of Territory.

San Francisco, Cal., Nov. 22.—Cablegrams received from China in the local Chinese quarter announce that the republic is preparing to go to war with Russia for the possession of Mongolia. The big secret societies which fostered the revolution have been exchanging dispatches with president Yuan Shi Kai.

The Young China association has opened subscription lists and lecturers have spoken at every Chinatown corner explaining the encroachments of the czar's troops in the ancient Chinese territory.

Dispatches have been received here by Yow Gook Har, secretary to Fung Chi You, secretary of state of Yuan Shi Kai's cabinet, to the effect that an army of 60,000 has been mobilized in Peking and that General Wong Hing appointed its leader. According to a report Gen. Wong Hing already has ordered his army north to Mongolia with instructions to establish military rule in Mongolia and drive Russian soldiers out.

Note to Russia.

Chicago, Nov. 22.—A special cable from Peking, China, contains the following on the Mongolia situation: "Lu Cheng Hsiang, formerly premier, but now minister of foreign affairs has just presented a note to the Russian minister concerning Russia' action in making a treaty with Mongolia.

"In this situation China appears to be following the tactics adopted by Tang Shao Yi in 1906, when he converted Sir Francis Younghusband's treaty with Tibet into a treaty with China.

"Tang Sho Yi's treaty, while embodying the text of the Tibetan treaty, altered it sufficiently to save China's susceptibilities. Lu Cheng Hsiang proposes altering Russia's recent note so as to preserve China's suzerainty over Mongolia with the minimum loss of control and dignity at the principal points, China to send sufficient soldiers and officials to Mongolia to guard the Chinese residents and interests.

"The Chinese apparently are willing to concede autonomy to Mongolia, but they are not willing to allow lands, mines and railways to be owned and operated by foreigners, including Russians."

Ready to Advance.

London, Nov. 22.—The Peking correspondent of the Telegraph says the news is confirmed that the Chinese-Mongolia expedition will advance in three widely separated columns, ultimately converging at Urga.

The first will start from Ning-Hia Kansu Province, marching by way of Uliassutai Mongolia; the second from Kalgan by way of Chahar; the third from Southern Heilung Kiang. A large number of troops are already massed.

DESPERATE OVER REPAIR BILL

Owner of Motor Car Had it Sunk in San Francisco Bay to Save Expenses.

San Francisco, Nov. 12.—Obeying the orders of his employer, H. H. Hart of Oakland, James Litz, a chauffeur, ran a $4,500 motor car off the rear of a ferry boat in San Francisco bay.

When informed that the machine had been sunk in the bay, Hart wrote to the railroad company offering to pay the expenses if the company would send a pile driver to hammer the car deeper into the bay. Hart's desire to "drown" the offending car was reached after it had rolled up a repair bill amounting to $2,000.

Silk Quilt to a Jail.

Larned, Kan., Nov. 22.—In the recent woman's suffrage campaign in the seventh district, Mrs. Minnie Johnson Grinstead of Liberal, president of the Seventh District association, offered a silk crazy-work quilt to the town in the district giving the most for the campaign. The quilt was worked by Mrs. S. A. McClain, 92 years old, of Santa Fe, Kan., and has just been awarded to Great Bend. It will be used in the city jail.

Slayer Turned Slaver.

New York, Nov. 22.—George Levy, who murdered a man in Boise, Id., 11 years ago and escaped life imprisonment later on a promise to leave the United States and reform has just been convicted in the federal court here of violation of the "white slave" act. Judge Hough sentenced him to serve eight years in the federal penitentiary at Atlanta.

AID TO INTELLIGENT STUDY OF THE BIBLE.

Sunday School Lessons Educational to All

An Illustrated Commentary on the International Sunday School Lessons May Be Obtained by Saving the Articles From This Paper—Handy Compendium For Bible Students.

The Brooklyn Tabernacle articles on the International Sunday School Lessons bring out the instruction intended in a way which can be seen to be more harmonious, beautiful and reasonable than is generally understood.

There never was a time when religion was investigated as generally by all classes of people as it is today. There never was a time when helpful explanations of the Sunday School Lessons were more needed. The Brooklyn Tabernacle Lessons are the timely aid for all. They present the various fragments of truth on the different subjects in such language as best enables all classes of readers to grasp the general thoughts of the lessons clearly.

The Sunday School Teachers and pupils who devote fifteen minutes of study ordinarily, with the hope of mastering their lessons, are often disappointed; but to those of our readers who will give just time enough for a careful reading of the Brooklyn Tabernacle single-column article we offer assurance of pleasement and lasting good.

It is the design of many readers to save the Lessons for a period of time and then have them bound together. This will constitute a valuable and helpful commentary upon Sunday School topics.

The Brooklyn Tabernacle International Sunday School Lesson will be a regular feature in this paper each week.

Robert Groves, Alfred Thornton and Howard Chambers of Maitland were in Maryville on business Thursday.

Mr. Aull of Lamar thus describes a modern problem. "When a town man says he'd like to be an a farm, don't misunderstand him. What he means is that he'd like to have a big farm, with a fine house upon it, and a good road to town, along with plenty of money in the bank, and a number of capable hands, who would never threaten to quit, to do all the work. That's the way we'd all like to farm, and once situated in such fortunate lines, perhaps the first thing we'd do would be to move to town, and try to rent the place out for half."

RESUMED BATTLE AFTER DAY'S REST

Peace Terms Rejected Before Commission Got Together.

PORTE DESIRES INTERVENTION

Conditions Intended as Basis for Negotiations Considered as Ultimatum and Grand Vizier Orders Fighting Continued.

Constantinople, Nov. 22.—The battle at the Tchatalja lines has been resumed. Cannonading was reopened with great violence early in the evening and is plainly audible here.

London, Nov. 22.—The formal suspension of the Eastern war proved only for a day. Turkey rejected the Balkan terms for an armistice apparently before the plenipotentiaries had time to get together at Hademkeui.

Kiamil Pasha, the grand vizier, declared the alliance overtures were "impossible." He ordered the commander-in-chief to continue fighting "with the help of the Almighty," until reasonable and moderate conditions were proposed.

Not an Ultimatum.

While the Bulgarian conditions—for Bulgaria is acting as the mouthpiece for the allies—were extreme, stipulating the surrender of Adrianople and Scutari, both of which strongholds are making a historic defense as well as the cession of all the territory except a narrow strip above Constantinople, these conditions were advanced as overtures; in other words, they were apparently put forward as a basis for negotiations.

The Porte treated them as an ultimatum, and this perhaps is the Oriental method of beginning negotiations, designed to induce the enemy further to show his hand.

Still Hope for Mediation.

The negotiations thus far have been conducted through the Russian ambassador at Constantinople, but the Turkish ambassador at Berlin, Osman Nizami Pasha, was on his way to join his colleagues appointed to meet the Bulgarian representatives when the Turkish government's startling decision was telegraphed abroad.

Even yet it would seem that the Turkish officials have not abandoned hope that the powers will come to their rescue and attempt to dictate a compromise, but Sir Edward Grey, the British foreign secretary, announced that the powers had not gone so far as to arrange a general conference after the conclusion of the war. Their only agreement, as far as surface indications go, is to keep their hands off.

FEDERAL TROOPS SURRENDERED

Mexican Rebels Used Dynamite in all Day Fight—One Captain Escaped to American Side.

El Paso, Tex., Nov. 22.—One hundred federal troops defending the Mexican port of Palomas made a determined fight against 300 rebels and only surrendered after two distinct engagements, the last of which was fought from house to house. By employing dynamite bombs, the rebels early in the day entered the town and a cessation of firing led to the belief on the American side that the port had fallen.

Brisk fighting continued two more hours, until the government troops threatened again by hand grenades, were compelled to surrender. Aside from one federal captain, who early in the day fled to the American side, all the government troops were taken prisoners, with their rifles, supplies and ammunition.

TOBACCO TRUST MAY BE OUSTED

Germany Preparing Data Ready for Fight on Second American Monopoly.

Berlin, Nov. 22.—With the bill by which it is expected to drive the Standard Oil out of Germany ready for submission to the Reichstag Tuesday, the government is said to be gathering data preliminary to attacking another American concern—the tobacco trust.

It was admitted that officialdom's motives are not wholly altruistic. It is seeking merely another source of revenue and believes it can be found through the creation of a state controlled tobacco monopoly.

The American tobacco trust at present has a tight grip on the Fatherland.

Quarantined in a Pullman.

Denver, Nov. 22.—Eight passengers and a Pullman porter will be compelled to remain under quarantine for two weeks in the sleeper at Castle Rock, Col., as a result of the discovery of a case of smallpox by the conductor of Santa Fe passenger train No. 5, due in Denver at 9:45 a. m. from Chicago.

Farmer Guilty of Murder.

Hugo, Ok., Nov. 22.—D. U. Wilson, a prosperous farmer, was convicted of the murder of Walter Capps in the district court here and was sentenced to life imprisonment. He testified that he shot Capps because the latter had made improper proposals to his daughter.

If what you eat ferments into stubborn lumps you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment Diapepsin comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

WAS A BRAKEMAN

CORBETT, THE BEHEADED MAN, WORKED FOR GREAT WESTERN.

KNOWN IN CONCEPTION

Efforts Are Being Made to Find Application He Filed for Position, as It May Give Names of Relatives.

The visit of Chief of Police Moberly and Undertaker J. E. Bailey to Conception Junction yesterday may possibly lead to something tangible with reference to S. W. Corbett, the man who was killed by a Wabash train last Saturday. Nothing directly was learned except that he had worked for a short time as brakeman on the Great Western, and an effort is being made to get the application that he filled out in applying for the position.

When this is received it will show to whom he directed that word be sent in case of accident. In the daybook he carried was the name of H. L. Corbett of Crawford, Neb., who was supposed to be his brother. He stayed with Mr. Roof at different times for the past eight months and talked frequently of his brother in Nebraska, who, he said, was the owner of 800 acres of land. All telegrams to that place and the towns around there, however, have been given the same answer, that no such person is known there.

An entry in his daybook speaks of going to Granite City, near St. Louis, in April, and of going to work at Ferguson, April 27. At the head of the calendar for 1912 are the two words, "left home," apparently intended to be erased, but still dimly visible. Whether this book was originally his or whether these entries were made by some one else it is impossible to tell. At Conception it was understood that his parents were both dead and his brother was the only relative talked of.

At the home of E. R. Roof was found a letter supposedly to his brother, which was never mailed. It is as follows:

Conception Junction Mo., Sept. 28, 1912.—Dear Brother and Family: Will now drop you a few lines to let you know that I am still on earth and well and hope that this will find your folks all the same.

Well, Harry, I suppose you have wondered more than once since I left there where I was at. Well, all I can tell you is that I have been in the U. S. all the time, but have been stepping around pretty lively. I only stayed in Sheridan about five weeks, and then came here and stayed until February, and then went to Des Moines and stayed until in April, and then went to St. Louis and stayed until July 4st, and then came back here and hired to the Chicago Great Western and am working out of here now.

I suppose you folks have had some winter weather before this time. We have had one awful heavy frost.

Say, Harry, what did you ever do with my trunk, or have you still got it there at your place? If it is, I wish you would send it here to me by express C. O. D.

I went to the express office and the baggage room in Sheridan several times, but it was not there, so I made up my mind that you had not sent it.

Well, I am back at the old game again; started this letter yesterday and did not finish it, so will try and do it now. It is real cool here today—a genuine fall day.

Mrs. T. J. David of Clyde and son were Maryville visitors Thursday.

APPROVES THE MAYOR'S ORDER.

President Taylor Favors the Abolition of Slot Machines and the Censorship of Moving Pictures.

Mayor Robey's order to remove all slot machine seems to have met with very general approval. President Taylor of the Normal writes The Democrat-Forum that the action has his hearty endorsement, and he also makes a plea for the censorship of moving pictures. This latter proposition has been advocated by a number of both men and women who are interested in keeping only the best thought before the young people.

In many cities such ordinances are in effect and enforced. Dr. Taylor's letter follows:

Editor Democrat-Forum: I desire to commend most heartily the action of Mayor Robey in abolishing the slot machines, which are a very dangerous form of amateur gambling. An act is not to be judged by itself alone, but is to be considered in its sequences and tendencies. By this standard the slot machine deserves condemnation.

The mayor will have the approbation of all good people who believe in safeguarding the pathway of youth and promoting public morals.

Now let there be an intelligent and reliable censorship of our moving pictures and another much needed public benefaction will be accomplished. This will be to the advantage of the operators of these shows as well as to the community. Many of these pictures are good, but some are not, and are positively harmful to boys and girls. I do not care to eat a six-course dinner, however elegant five of them may be, if in the sixth there is a pinch of strychnine.

Very truly,
H. K. TAYLOR.

WAS A FINE PROGRAM.

After Bull Moose.

Mr. and Mrs. J. S. Casteel of Ravenwood, accompanied by James Colby of Maryville, left Tuesday for Lavoy, Alberta, Canada, where Mrs. Casteel will visit relatives, and J. S. and Mr. Colby will join a party of Canadians on a big hunt for several days, and if there are not a few less bull moose in North America than there were on November 5th it will be because they fail to get within gunshot distance. We wish them a safe and pleasant journey and hope the gentlemen may be successful in capturing enough game that their hunting stories may take a place alongside of T. R.'s in the big city dailies.—Ravenwood Gazette.

"The Pride of Virginia".

CASE HARD FOUGHT

REUILLARD DAMAGE SUIT PRESENTED KNOTTY PROBLEMS.

TO JURY THIS AFTERNOON

James Burns Fined $1 and Costs for Common Assault—Lane Asks for a Continuance in Case.

The attention of circuit court has been almost wholly occupied since yesterday with the case of F. P. Reuillard against David Stollard, known as the "auto case." Mr. Reuillard asked damages in the sum of $250 from Mr. Stollard, who lives at Forest City, because of injuries to his car in a collision which took place September 22, near the Bellows farm, west of this city. In the collision Mrs. Sarah Nuzum, a lady 75 years of age, and an occupant of the Stollard car, was thrown through the wind shield of the Reuillard auto, but seems to have escaped serious injury, as did other occupants of the two cars who were thrown about promiscuously.

The case has been hard fought and presented some knotty problems for the lawyers to unravel, bringing up several new points. The case was concluded and went to a jury about 2:30 o'clock this afternoon.

James Burns pleaded guilty to a charge of common assault and was fined $1 and costs.

James Lane, who was charged with assault with intent to kill, pleaded not guilty and made application for a continuance of the case.

Lectured at High School.

A lecture on horticulture, given by J. R. Conway of Twin Falls, Idaho, at the high school Thursday, proved very entertaining and instructive to the students and faculty. Many of the teachers were former schoolmates and neighbors of Mr. Conway, and his knowledge of horticulture being in line with their daily teachings, was much appreciated.

Mr. Conway had not visited Maryville for eight years. He expresses no wonder at so many of the older inhabitants staying by Maryville, as he says that in his many travels he has never seen a more beautiful city. He visited Kansas City, Omaha, St. Joseph and Denver on his way here, and will stop at Rock Island, Des Moines and Chicago before returning home. The entire trip will take about sixty days.

In Probate Court.

The will of William W. Byers, who committed suicide in Maryville last week, was admitted to probate Friday. After directing that all debts be paid he bequeaths all his household furniture to his wife. His wife is also given the brick building at 106 South Main street during her natural lifetime, together with all the rents and income from same. The balance of his propery is given to his children to share and share alike. His wife is made executrix of the estate.

The will of James L. Lee was also probated. Mr. Lee gave certain directions pertaining to his burial, and after all just debts are paid, directs that all his household and personal property go to his wife, Mary A. Lee. He also leaves certain real estate to her and the remainder of his property he leaves to his children to share equally. Warren L. Johnson is made executor of the estate.

Visited Her Mother.

Mrs. Harry Benson and son left for their home in Massena, Ia., Thursday after a few days' visit with Mrs. Benson's mother, Mrs. C. C. Sharp, at the home of Dr. and Mrs. J. W. Dean. Mrs. Sharp and daughter returned a few days ago from a visit at Atchison, Kan.

Judge Rea Here.

Judge David Rea of Savannah was in Maryville Friday assisting his sister, Mrs. W. W. Byers, with legal business in the probate court. Mrs. Byers was appointed the executor of her late husband's will, which was filed for probate Friday.

Left for Pennsylvania.

G. W. Yingling of Altoona, Pa., who has been spending the past five weeks with his daughter, Mrs. Gordon Fite of this city, left for his home Thursday.

Death of Mrs. New.

Mrs. Elizabeth New of Hopkins died Thursday morning at the age of 81 years. The funeral services were held Friday afternoon.

ACCESSIONS HAD TO CHURCH AT REVIVAL MEETING.

GAVE STRONG SERMON

Guideposts at the Crossroad Theme of Evangelist at Service Thursday Night—Good Crowd Attending.

The evangelist at the Christian church Thursday night was greeted with a crowded house, and two accessions were had to the church. The sermon for the evening was a strong one, the subject being "Guideposts at the Crossroad." The text was taken from Matthew 7:13-14.

Rev. Harman said in part:

"These words were uttered by Jesus in his wonderful sermon on the Mount. There are two gates, two roads and two destinies. Every soul of each is included in the warning from these guideposts.

"Jesus advised men to enter the narrow gate. The thong travel in at the wide gate. Any careless man can find entrance into the wide gate. The narrow gate is gained through struggle.

"The broad way is wide enough for the drunkard, the thief and the murder. It is too broad for the man who would gain eternal life.

"Your destiny is determined by your choice, if the broad way and wide gate, you must suffer the consequences. Jesus has warned us, if lost it is our fault."

The subject for Friday night's sermon will be "We Would See Jesus."

The table was set in the dining room with the birthday cake in the middle and thirty red and white candles on it. The house was dark except the candles lighted on the table. When Mr. Heideman arrived he was very much surprised. Mrs. Heideman was assisted in entertaining by Mrs. J. M. Smith. Robinson, Mrs. LeGrand Gann, Miss Lottie Perrin and Miss Hilda Lahr.

TO SHOP EARLY.

The Christmas Goods Will Be on Display Early Enough for the Shoppers to Avoid Rush.

"From every viewpoint early Christmas shopping is commendable," said a Maryville retail dealer in discussing the outlook for holiday business. "The outlook now indicates a tremendous Christmas business in this city," he continued. "Thousands of out-of-town people do the most of their Christmas buying here. The crops are the biggest we have had for years, the prices are good and there is a ready market for all the farmer has to offer. He will have plenty of money and will be a liberal gift buyer. The final result will be a crowd, a crush and a rush for Christmas gifts. Be wise and be early this year and shop before the jam comes. It is a movement for humanity's sake. Think of the overworked salespeople and think of your own advantage in getting first choice. Make that list out and do it now."

Cook's Bazaar Sold.

By a deal which was put through Wednesday, L. G. Walker, the proprietor of the Bargain store on West Third street, became the owner of Cook's Bazaar, in the Robinson building. Mr. Cook took in the trade a house and lot and a business building at Worth, Mo., Mr. Walker took possession at once and will continue to do business at the Bazaar stand. For a time Miss Maggie Cook will assist him in the business. Mr. Cook has no plans for the immediate future.

Mr. Nichols is employed in the Friend barber shop.

DON'T CARRY SCALES

CARRIERS WILL TAKE PARCELS TO POSTOFFICE TO WEIGH.

JUST STAMPS WON'T DO

The Ordinary Postage Stamps Will Be Out of Date on Fourth Class Matter on January 1.

Postmaster Beech wishes to correct some of the misunderstandings that have arisen in regard to the parcels post law which goes into effect the first of the year. Mr. Beech says the carriers will not carry scales for the purpose of weighing articles, but that packages must be taken to the postoffice, where they will be weighed and "zoned."

The impression prevailing also that the carriers would "receive the farmer's eggs, bring them to town, market them, buy his groceries and hardware with the proceeds and return it next day with the correct change" is also wrong says Mr. Beech. In addition to this, the ordinary stamps will be no longer accepted for postage on fourth class matter, but after a package has been weighed and "zoned" the correct postage must be placed on it in "parcels post stamps" which are to be issued to the postoffices by the department. The following regulations have been issued by the postal department in regard to the matter:

Distinctive parcels post stamps will be issued to each postmaster. On and after January 1st, 1913, ordinary stamps will not be valid for postage on fourth class matter.

The widest publicity should be given immediately to the following features of the proposed parcel post regulations:

That distinctive parcel post stamps must be used on all fourth class matter beginning January 1st, 1913, and that such matter bearing ordinary postage stamps will be treated as "held for postage."

That parcels will be mailable only at postoffices, branch postoffices, lettered and local named stations, and such numbered stations as may be designated by the postmaster.

That all parcels must bear the return card of the sender; otherwise they will not be accepted for mailing.

PAINTING AT COUNTY FARM.

Building Being Fumigated—Patients Are in Old Building as Work is in Progress.

The county poor farm, west of Maryville, is being neatly repainted, and the building is being fumigated this week. The painting is being done by William Gross.

County Superintendent Brummitt, who is in the city today, says that the painting and cleaning up of the building is a needed improvement and will add much to that place.

While this work is going on the inmates and also the superintendent's family are living in the old county home, just a little way from the new building.

To Hold Services.

Bishop Johnson of Kansas City will be in Maryville Sunday and will conduct services here for St. Paul's Episcopal church at 11 o'clock on that day and at 7:30 o'clock in the evening. The services will be held in the K. P. lodge hall, on the north side of the square.

RAILROAD BARS DRINK.

Officials of the St. Louis, Iron Mountain & Southern Railway company yesterday suddenly appeared in the Dupo, Ill., railroad yards and inaugurated a breath smelling test for all employes. M. B. Mann, a trainmaster, was in charge of the test and began on an engineer, who was to take charge of the engine pulling the Red Ball fast freight.

"Let's smell your breath," Mann said. He sniffed and declared the engineer had been drinking.

"Sure," replied the engineer. "I have had four or five beers."

"Go home," Mann told him, "we don't want men to go to work if they have had liquor to drink. If ten drinks make a man drunk, one drink will make him one-tenth drunk."

Hale a dozen other trainmen were examined and those with the tell-tale odor were ordered off duty. When word of the investigation got around there was a big demand for chewing gum at the little stores near the railroad yards, it is said.

S. L. Kensinger, superintendent of terminals for the Iron Mountain; J. R. Wilgus, general yardmaster for the St. Louis division, and M. B. Mann, trainmaster for the St. Louis division, were the officials who conducted the test and announced the company would no longer tolerate the moderate drinker.

"We will not entrust the lives of our passengers in the hands of the man who drinks even moderately," Mann said, "He might take one too many some time. An employe who is seen going into a saloon will be considered a suspicious character and will not be allowed to work that day."

E. E. Kearney, superintendent of transportation for the Missouri Pacific-Iron Mountain system, said that he knew nothing of the Dupo action, but that orders had long been in effect for the strict enforcement of sobriety among employes.

Wanted Moose Head.

The boys of Graham tell the following story on H. B. Barrett, one of the leading Progressives of the town, says the Skidmore New Era:

Mr. Barrett, as the story goes, went into the City meat market and asked for a moose head. The good natured proprietor, Jake Eckles, who never wants to miss a sale or lose the opportunity to accommodate a friend, quickly stepped into the back room and brought out a calf's head. Mr. Barrett looked at the head and said: "That is a calf's head. I want a moose head." Mr. Eckles said: "Wait a minute," and returning to the back room he picked up the clever and performed a surgical operation on the head and again presented it to Mr. Barrett. Barrett looked at the head very critically and said: "Why, this is the same head you brought out before." Mr. Eckles said: "I know it is, but I took the brains out of it and that made a moose head."

TO ELIMINATE THE MIDDLE MAN

FARMERS BELIEVE HIM AN UNNECESSARY EVIL.

Preliminary Steps Taken at Hutchinson to Market Products Independently.

Hutchinson, Kan., Nov. 22.—That unnecessary middlemen are becoming a serious burden to the farmers of Kansas and that the farmer must take steps to eliminate at least some of them in marketing his products was the sentiment of many of the farmers who met here and they began steps to launch a grange movement in the state.

A plan advanced by A. C. Bailey of Edwards county, one of the promoters of the project, is to organize local selling associations in all sections of the state. The associations, composed entirely of farmers, would deal directly with mills and packers.

"There is a feeling among the farmers that agriculture is not receiving its share of the rewards," said one of the 500 farmers who attended the meeting. "We farmers are paying unnecessary penalties, both in the products we ship and in the necessities of life we buy. I believe if the farmers in this state will organize and cooperate both evils can be corrected.

"At the meeting to be held in Manhattan January 1 we will determine the methods by which that is to be accomplished in Kansas. I believe we can enlist the backing of the farmers already organized in one way or another in this state, and their number runs into the thousands."

SAVED HER SISTER BY STRATEGY

Italian Girl Stopped Kidnapping by Jumping in Front of Motor Car.

Chicago, Nov. 22.—Luigi Naorao, a young Italian girl threw herself in front of a motor car and thus prevented the kidnapping of her 15-year-old sister, Nicollata, who had been seized near her home and thrown into the car.

Rather than run down Luigi, the driver of the machine stopped and the delay gave the police time to capture the would-be abductors.

In the motor car were found a revolver and a handkerchief saturated with chloroform. John Ulrich, driver of the car, said that he was employed by a motor livery company and had picked up the men on a telephone order to the livery.

Jeweler Sold Business at Loss When About to Die—Lives and Sues Doctor.

Spokane, Wash., Nov. 22.—Because he did not die, Isaac Goldblatt, a Spokane jeweler, brought suit against his physician, Dr. G. H. Rohr, for $15,000 damages.

Goldblatt alleged in his complaint that Dr. Roher told him recovery was impossible. Desiring to leave his property in cash, Goldblatt alleges that he sold his jewelry business at a sacrifice he estimates at $15,000 and waited for death to claim him.

Becoming impatient at his continued presence among the living, he consulted Eastern specialists and was told that he was perfectly well.

Ex-Pastor Convicted.

Van Buren, Ark., Nov. 22.—J. W. Powell, 60 years old, a former Baptist minister, was declared guilty by a jury in the circuit court here of attacking a 13-year-old girl at Mulberry, two months ago. Sentence was left with the court. Powell and his son, Jack, who was placed on trial following the verdict, narrowly escaped lynching when arrested.

To Prevent Smallpox.

Smallpox may be prevented by vaccination. One successful vaccination gives a partial protection against smallpox. In such a person the disease is mild varioloid. A second successful vaccination gives a greater protection and a third successful vaccination is absolute protection against smallpox. The second and third vaccinations are very mild. The protection given by vaccination is temporary—lasts from five to seven years. Revaccination then is necessary if freedom from smallpox is desired. Rarely is vaccination severe. The very sore arms are due to infections from the skin. To reduce these secondary infections, antiseptic precautions should be used while vaccinating, and the area vaccinated should be kept clean and protected.

DON'T MISTAKE THE CAUSE.

Many Maryville People Have Kidney Trouble and Do Not Know It.

Do you have backache?
Are you tired and worn out.
Feel dizzy, nervous and depressed?
Are the kidneys secretions irregular.
Highly colored; contain sediment?
Likely your kidneys are at fault.
Weak kidneys give warning of distress.
Heed the warning; don't delay—
Use a tested kidney remedy.

Mrs. J. E. Oliver, 1201 E. Fourth St. Maryville, Mo., says: "Several years ago I had kidney trouble. There were sharp pains through my back and hips and sometimes I was sick abed. I always felt tired and had terrible dizzy spells. On a friend's advice I used Doan's Kidney Pills and they soon gave me relief. I can certainly recommend them."

If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Oliver had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.—Advertisement.

Causes Dizziness, Nervousness, Sick Headache, Sleeplessness.

Mi-o-na Stomach Tablets Banish All Misery, Gas and Sourness.

You know that most of the ailments named above come from an out of order stomach; of course you do.

If your food doesn't digest, but lays heavily on your stomach, it has started to ferment.

When it ferments it sets loose in the stomach poisonous gases which irritate the great nerve that leads directly to the brain from the stomach.

That irritation causes heartburn, dizziness, night sweats, nervousness.

MI-O-NA will end all stomach misery or money back. A large box costs only 50 cents and is sold by the Orear-Henry Drug Co. and druggists everywhere.—Advertisement.

SURELY TAKE "SYRUP OF FIGS" IF HEADACHY, BILIOUS, CONSTIPATED

SWEETENS YOUR STOMACH, CLEARS YOUR HEAD AND THOROUGHLY CLEANSES YOUR LIVER AND THIRTY FEET OF BOWELS OF SOUR BILE, FOUL GASES AND CLOGGED-UP WASTE.

All those days when you feel miserable, headachy, bilious and dull are due to torpid liver and sluggish bowels. The days when your stomach is sour and full of gas, when you have indigestion; the nights when your nerves twitch and you are restless and can't sleep could be avoided with a teaspoonful of delicious Syrup of Figs. Isn't it foolish to be distressed when there is such a pleasant way to overcome it?

Give your inactive liver and ten yards of waste-clogged bowels a thorough cleansing this time. Put an end to constipation.

Take a teaspoonful of Syrup of Figs tonight, sure, and just see for yourself by morning how gently but thoroughly all the sour bile, undigested fermenting food and clogged up waste matter is moved on and out of your system—no nausea—no griping—no weakness.

You simply can't have your liver inactive and your thirty feet of bowels constipated with sour, decaying waste matter and feel well. The need of a laxative is a natural need, but with delicious Syrup of Figs you are not drugging yourself. Being composed entirely of luscious figs, senna and aromatics it cannot injure.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna." Refuse with scorn any of the so-called fig syrup imitations. They are meant to deceive you. Look on the label. The genuine, old reliable, bears the name, California Fig Syrup Company.—Advertisement.

THE FIRST GRAY HAIR SIGN OF AGE

Easy Way to Preserve Natural Color of the Hair and Make It Grow.

A harmless remedy, made from common garden sage, quickly restores gray hair to natural color. The care of the hair, to prevent it from losing its color and lustre, is just as important as to care for teeth to keep them from discoloring. Why spend money for cosmetics and creams to improve the complexion, and yet neglect your hair, when gray hair is even more conspicuous and suggestive of age than wrinkles or a poor complexion? Of the two, it is easier to preserve the natural color and beauty of the hair than it is to have a good complexion.

All that is necessary is the occasional use of Wyeth's Sage and Sulphur Hair Remedy, a preparation of common garden Sage and Sulphur, combined with other valuable remedies for dry, harsh, faded hair, dandruff, itching scalp and falling hair. After a few applications of this simple, harmless remedy, your hair will gradually be restored to its natural color, in a short time the dandruff will be removed, and your hair will no longer come out but will start to grow as Nature intended it should.

Don't neglect your hair, for it does rather than anything else to make or mar your good looks. You can buy this remedy at any drug store for fifty cents a bottle, and your druggist will give your money back if you are not satisfied after using. Purchase a bottle today. You will never regret it when you realize the difference it will make in your appearance.

TO PROVIDE FOR EX-PRESIDENTS

Andrew Carnegie Will Pension Each in Future With $25,000 Annually.

SAME AMOUNT TO THEIR WIDOWS

Payment is to Continue So Long as They Remain Unprovided for by the Government.

New York, Nov. 22.—Future ex-presidents of the United States are to be pensioned in the sum of $25,000 each annually by action of the Carnegie corporation of New York.

The grant is provided for with the idea of enabling former executives of the nation to devote their unique knowledge gained in public affairs to the public good, free from pecuniary care. A similar amount is to be paid widows of ex-presidents as long as they remain unmarried.

Won't Have to Ask For It.

The pensions are to be promptly offered to the ex-presidents or their widows, so that no application will be required from them. Payment is to be continued so long as the recipients "remain unprovided for by the government."

The announcement followed the second annual meeting of the corporation held at the residence of Andrew Carnegie here and attended by the corporation's eight trustees.

Five of these eight trustees are the heads of the five institutions which Mr. Carnegie has founded—the Carnegie Endowment for International Peace, Elihu Root, president; the Carnegie Foundation for the Advancement of Teaching, Henry S. Pritchett, president; the Carnegie Institution of Washington, Robert S. Woodward, president; Carnegie Hero Fund Commission, Pittsburgh, Charles L. Taylor, president; Carnegie Institute of Pittsburgh, William M. Prew, president. In addition there are three life trustees—Andrew Carnegie, Robert A. Franks and James Bertram.

In the meeting the trustees took under consideration a number of matters directly in their keeping and concerning the details of which no announcement was made, but the principal item of business passed upon was the pension plan for ex-presidents of the United States and their widows.

MISSING MAN'S BODY IS FOUND

Buried in Shallow Grave and Mutilated—Wealthy Land Owner Held for Crime.

Warsaw, N. Y., Nov. 22.—The body of Frank Bentley, a cheesemaker of North Wethersfield, who has been missing since he started Saturday on a hunting expedition, was found buried in a shallow grave in the woods near here. Both legs had been chopped off above the knee, the clothing burned off and the body was charred.

Alphonse Prince was arrested on suspicion of having guilty knowledge of Bentley's murder. At Prince's home a wheelbarrow with stains upon it, believed to be of blood, was found, but no motive for murder has been disclosed.

Prince, who is a wealthy land owner, denies all knowledge of the murder but admits, according to the police, that he and Bentley had recently quarreled over family affairs.

KANSAS HAS BIG NEW GAS WELL

Near Augusta Prospect Hole Tests 160,000 Feet, With Indications of Plenty More.

Augusta, Kan., Nov. 22.—A company that has been sinking a prospect gas well two miles southeast of Augusta has just brought in a well that tested 160,000 feet of gas. From present indications it will test 225,000 feet later.

The gas already had been contracted to the Kansas Natural Gas company and will be used to supply Wichita, Hutchinson and other towns in south central Kansas.

To Investigate Wickersham.

Washington, Nov. 22.—Full explanation from Attorney General Wickersham of his reasons for, and authority to prevent the arrest of John D. Archbold, H. Fogler, Jr., and W. C. Teagle, Standard Oil magnates, on Texas federal court warrants, may be asked by the house committee on expenditures in the department of justice. William H. Gray, the Houston lawyer who came here to protest against the holding up of these warrants by the attorney general, announced he will bring the matter formally before Chairman Beall of the house committee for an investigation.

Girl a Roadhouse Slayer?

Oklahoma City, Ok., Nov. 22.—Guy Blackburn, 18 years old, died in a hospital as the result of being shot Saturday night. Blackburn was at a roadhouse and had started away in a motor car when the shot was fired at him. No arrests have yet been made but there is a general belief that young Blackburn was shot by a girl, the daughter of a wealthy family, with whom he had quarreled at the road house.

CHINA NOW WANTS WAR WITH RUSSIA

Republic is Preparing to Fight for Possession of Monogolia.

ARMY MOBILIZING IN PEKING

Orders Already Given for Troops to Start North and Drive Russian Soldiers Out of Territory.

San Francisco, Cal., Nov. 22.—Cablegrams received from China in the local Chinese quarter announce that the republic is preparing to go to war with Russia for the possession of Mongolia. The big secret societies which fostered the revolution have been exchanging dispatches with president Yuan Shi Kai.

The Young China association has opened subscription lists and lecturers have spoken at every Chinatown corner explaining the encroachments of the czar's troops in the ancient Chinese territory.

Dispatches have been received here by Yow Gook Har, secretary to Fung Chi You, secretary of state of Yuan Shi Kai's cabinet, to the effect that an army of 60,000 has been mobilized in Peking and that General Wong Hing appointed its leader. According to a report Gen. Wong Hing already has ordered his army north to Mongolia with instructions to establish military rule in Mongolia and drive Russian soldiers out.

Note to Russia.

Chicago, Nov. 22.—A special cable from Peking, China, contains the following on the Mongolia situation: "Lu Cheng Hsiang, formerly premier, but now minister of foreign affairs has just presented a note to the Russian minister concerning Russia' action in making a treaty with Mongolia.

"In this situation China appears to be following the tactics adopted by Tang Shao Yi in 1906, when he converted Sir Francis Younghusband's treaty with Tibet into a treaty with China.

"Tang Sho Yi's treaty, while embodying the text of the Tibetan treaty, altered it sufficiently to save China's susceptibilities. Lu Cheng Hsiang proposes altering Russia's recent note so as to preserve China's suzerainty over Mongolia with the minimum loss of control and dignity at the principal points, China to send sufficient soldiers and officials to Mongolia to guard the Chinese residents and interests.

"The Chinese apparently are willing to concede autonomy to Mongolia, but they are not willing to allow lands, mines and railways to be owned and operated by foreigners, including Russians."

Ready to Advance.

London, Nov. 22.—The Peking correspondent of the Telegraph says the news is confirmed that the Chinese-Mongolia expedition will advance in three widely separated columns, ultimately converging at Urga.

The first will start from Ning-Hia Kansu Province, marching by way of Uliassutal Mongolia; the second from Kalgan by way of Chabar; the third from Southern Heilung Kiang. A large number of troops are already massed.

DESPERATE OVER REPAIR BILL

Owner of Motor Car Had it Sunk in San Francisco Bay to Save Expenses.

San Francisco, Nov. 12.—Obeying the orders of his employer, H. H. Hart of Oakland, James Litz, a chauffeur, ran a $4,500 motor car off the rear of a ferry boat in San Francisco bay.

When informed that the machine had been sunk in the bay, Hart wrote to the railroad company offering to pay the expenses if the company would send a pile driver to hammer the car deeper into the bay. Hart's desire to "drown" the offending car was reached after it had rolled up a repair bill amounting to $2,000.

Larned, Kan., Nov. 22.—In the recent woman's suffrage campaign in the seventh district, Mrs. Minnie Johnson Grinstead of Liberal, president of the Seventh District association, offered a silk crazy-work quilt to the town in the district giving the most for the campaign. The quilt was worked by Mrs. S. A. McClain, 92 years old, of Santa Fe, Kan., and has just been awarded to Great Bend. It will be used in the city jail.

Slayer Turned Slaver.

New York, Nov. 22.—George Levy, who murdered a man in Boise, Id., 11 years ago and escaped life imprisonment later on a promise to leave the United States and reform has just been convicted in the federal court here of violation of the "white slave" act. Judge Hough sentenced him to serve eight years in the federal penitentiary at Atlanta.

AID TO INTELLIGENT STUDY OF THE BIBLE.

Sunday School Lessons Educational to All

An Illustrated Commentary on the International Sunday School Lessons May Be Obtained by Saving the Articles From This Paper—Handy Compendium For Bible Students.

The Brooklyn Tabernacle articles on the International Sunday School Lessons bring out the instruction intended in a way which can be seen to be more harmonious, beautiful and reasonable than is generally understood.

There never was a time when religion was investigated as generally by all classes of people as it is today. There never was a time when helpful explanations of the Sunday School Lessons were more needed. The Brooklyn Tabernacle Lessons are the timely aid for all. They present the various fragments of truth on the different subjects in such language as best enables all classes of readers to grasp the general thoughts of the lessons clearly.

The Sunday School Teachers and pupils who devote fifteen minutes of study ordinarily, with the hope of mastering their lessons, are often disappointed; but to those of our readers who will give just time enough for a careful reading of the Brooklyn Tabernacle single-column article we offer assurance of pleasement and lasting good.

It is the design of many readers to save the Lessons for a period of time and then have them bound together. This will constitute a valuable and helpful commentary upon Sunday School topics.

The Brooklyn Tabernacle International Sunday School Lesson will be a regular feature in this paper each week.

Robert Groves, Alfred Thornton and Howard Chambers of Maitland were in Maryville on business Thursday.

Mr. Aull of Lamar thus describes a modern problem. "When a town man says he'd like to be an a farm, don't misunderstand him. What he means is that he'd like to have a big farm, with a fine house upon it, and a good road to town, along with plenty of money in the bank, and a number of capable hands, who would never threaten to quit, to do all the work. That's the way we'd all like to farm, and once situated in such fortunate lines, perhaps the first thing we'd do would be to move to town, and try to rent the place out for half."

RESUMED BATTLE AFTER DAY'S REST

Peace Terms Rejected Before Commission Got Together.

PORTE DESIRES INTERVENTION

Conditions Intended as Basis for Negotiations Considered as Ultimatum and Grand Vizier Orders Fighting Continued.

Constantinople, Nov. 22.—The battle at the Tchatalja lines has been resumed. Cannonading was reopened with great violence early in the evening and is plainly audible here.

London, Nov. 22.—The formal suspension of the Eastern war proved only for a day. Turkey rejected the Balkan terms for an armistice apparently before the plenipotentiaries had time to get together at Hademkeui.

Kiamil Pasha, the grand vizier, declared the alliance overtures were "impossible." He ordered the commander-in-chief to continue fighting "with the help of the Almighty," until reasonable and moderate conditions were proposed.

Not an Ultimatum.

While the Bulgarian conditions—for Bulgaria is acting as the mouthpiece for the allies—were extreme, stipulating the surrender of Adrianople and Scutari, both of which strongholds are making a historic defense as well as the cession of all the territory except a narrow strip above Constantinople, these conditions were advanced as overtures; in other words, they were apparently put forward as a basis for negotiations.

The Porte treated them as an ultimatum, and this perhaps is the Oriental method of beginning negotiations, designed to induce the enemy further to show his hand.

Still Hope for Mediation.

The negotiations thus far have been conducted through the Russian ambassador at Constantinople, but the Turkish ambassador at Berlin, Osman Nizami Pasha, was on his way to join his colleagues appointed to meet the Bulgarian representatives when the Turkish government's startling decision was telegraphed abroad.

Even yet it would seem that the Turkish officials have not abandoned hope that the powers will come to their rescue and attempt to dictate a compromise, but Sir Edward Grey, the British foreign secretary, announced that the powers had not gone so far as to arrange a general conference after the conclusion of the war. Their only agreement, as far as surface indications go, is to keep their hands off.

FEDERAL TROOPS SURRENDERED

Mexican Rebels Used Dynamite in all Day Fight—One Captain Escaped to American Side.

El Paso, Tex., Nov. 22.—One hundred federal troops defending the Mexican port of Palomas made a determined fight against 300 rebels and only surrendered after two distinct engagements, the last of which was fought from house to house. By employing dynamite bombs, the rebels early in the day entered the town and a cessation of firing led to the belief on the American side that the port had fallen.

Brisk fighting continued two more hours, until the government troops threatened again by hand grenades were compelled to surrender. Aside from one federal captain, who early in the day fled to the American side, all the government troops were taken prisoners, with their rifles, supplies and ammunition.

TOBACCO TRUST MAY BE OUSTED

Germany Preparing Data Ready for Fight on Second American Monopoly.

Berlin, Nov. 22.—With the bill by which it is expected to drive the Standard Oil out of Germany ready for submission to the Reichstag Tuesday, the government is said to be gathering data preliminary to attacking another American concern—the tobacco trust.

It was admitted that officialdom's motives are not wholly altruistic. It is seeking merely another source of revenue and believes it can be found through the creation of a state controlld tobacco monopoly.

The American tobacco trust at present has a tight grip on the Fatherland.

Quarantined in a Pullman.

Denver, Nov. 22.—Eight passengers and a Pullman porter will be compelled to remain under quarantine for two weeks in the sleeper at Castle Rock, Col., as a result of the discovery of a case of smallpox by the conductor of Santa Fe passenger train No. 5, due in Denver at 9:45 a. m. from Chicago.

Farmer Guilty of Murder.

Hugo, Ok., Nov. 22.—D. U. Wilson, a prosperous farmer, was convicted of the murder of Walter Capps in the district court here and was sentenced to life imprisonment. He testified that he shot Capps because the latter had made improper proposals to his daughter.
